How to access your e-book

1. After you purchased your e-book, you will receive a message with the information and download link for book title:

![Message](image)

Dear Stefanie Panke,

Your order SO123342 is ready for download. To retrieve your file(s), visit our download center at [https://system.netsuite.com/app/common/entity/downloads.nl?c=433425](https://system.netsuite.com/app/common/entity/downloads.nl?c=433425) After logging in to your account, select the link to “My Downloads” to access the file(s) you purchased. We encourage you to save the file(s) to your hard drive.

If you ordered a PDF file, it should display the bookmarks panel. This is one of the navigational tools normally displayed on the left of the Adobe Acrobat Reader screen. If bookmarks are not displayed, click on the bookmark icon or choose View-Navigational Panels-Bookmarks. Please see [this Word document](#) for more information about downloading, saving, and using your PDF file.

If you experience any difficulties with this download, please contact the Publications Marketing and Sales Office at [sales@sog.unc.edu](mailto:sales@sog.unc.edu) or 919.966.4119.

Thank you.

Please do not respond to this e-mail. This mailbox is not monitored

Follow us on Twitter: For publications news and timely updates about the School, follow “uncsog.”

2. Click the link to the download center. You will need to log in with your SOG bookstore account.
3. You will automatically be guided to the "My Downloads" section where you see your purchased file listed.

4. Click “Download” and save the file to your computer.

Attention: The number of downloads is limited to two times. Make sure that you save your file in accessible location, e.g., your “My Documents” folder.
Do not change the file type – it will be e-pub or mobi, depending on your purchase.

5. Connect your e-reader via USB. It will show up as an additional disk or device.

6. Select your book file in the location where you saved it. Copy it in your file manager menu.

The directory will differ from device to device – the example below is from a Nook e-reader.

On your Kindle device, the book will be located in the documents directory.
8. Information for iPad, iPhone or iPod users:

Once accomplished, you will see the cover in the “Books” library.

8.2. Connect your iDevice to your computer via USB.

8.3. Either synchronize your book collection to your iPad or drag and drop the e-book file to your device as it is displayed in iTunes.
